REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Iwamatsu et al., US Patent 5,905,286, fails to teach or render obvious, pertaining to independent claim 1, "...wherein the gate structure has a gate surface and first and second sides, and wherein first and second portions of the gate structure wrap around the first and second sides and are disposed on the first and second sidewalls, respectively". In addition, the closest prior art of record, fails to teach or render obvious, pertaining to independent claim 14, "forming a semiconductor material on portions of the top surface of the mesa isolation structure adjacent to the first and second sidewalls of the mesa isolation structure, wherein the semiconductor material wraps around portions of the gate sidewalls". Finally, the closest prior art of record, fails to teach or render obvious, pertaining to independent claim 19, "...wherein the second layer of dielectric material and the second layer of semiconductor material wrap around the third and fourth opposing gate sidewalls".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
